Peacock Pediatrics Obesity Program Consent Form

I, ____, authorize Peacock Pediatrics to help my child improve their health. I understand that my child's program may consist of a diet, increase in physical activity, instruction on behavior modification, and possibly the use of anti-obesity medications.

I understand that if the use of anti-obesity medications is agreed to be a part of the treatment plan, then the specific advantages and disadvantages of each medication will be discussed thoroughly.

I understand that much of the success of the program will depend upon my child's responses to the treatment plan. I also understand that obesity is a chronic, lifelong condition that will require sustained treatment and adjustments in eating habits, activity level, and behavior to be effective.

I have read and full understand this consent form and it has been fully explained to me. My questions have been answered to my complete satisfaction.

Weight Management Group Visits Consent

Our team will form groups of 5-7 patients with similar backgrounds to be seen as a group. These visits will take place on Microsoft Teams, and Dr. Ford will have individual time with each patient. These visits will be billed as follow-up visits and all applicable co-pays will apply.

I understand that the group visits are designed to provide education, support, and guidance for weight management through discussions, activities, and shared experiences within a group setting.

Benefits of Participation: Participating in group visits can offer benefits such as increased motivation, shared learning, peer support, and access to additional resources for managing weight.

Nature of Group Visits: The group visits will involve discussions on topics related to nutrition, physical activity, behavioral strategies, and emotional wellness aimed at achieving and maintaining a healthy weight.

Confidentiality: I understand that information shared within the group will be kept confidential within the bounds of group participation and will not be disclosed outside of the group without my consent.

Voluntary Participation: My participation in the group visits is voluntary, and I understand that I can withdraw from the group at any time without penalty or affecting my medical care.

Risk and Discomfort: I understand that while participating in group discussions, I may experience emotional or personal discomfort. The facilitators will work to maintain a supportive and respectful environment.

Use of Information: I agree that information gathered during the group visits, including my participation and progress, may be used for research or educational purposes, but my identity will be kept confidential.

Responsibilities: I understand that it is my responsibility to actively participate in the group visits, follow the guidelines provided, and inform the facilitators of any concerns or questions I may have.

Emergency Contact: I will provide emergency contact information to the group facilitators in case of any medical or personal emergencies during the group visits.

Agreement: I have read and understand the nature and purpose of the group visits for weight management. By signing below, I agree to participate in these group visits voluntarily.
